UNEMPLOYMENT INSURANCE BENEFITS ESTIMATOR

JUAN LOPEZ CLAIMANT ID: 5274896

The Unemployment Benefits Estimator is a preliminary determination of your potential eligibility for Unemployment Insurance Benefits. The information below is based solely on wages currently on file in Nevada and is valid only for use with a claim filed today. Keep in mind that these results are an estimate presented for illustration purposes only. This estimate is not a guarantee of benefits.

Missing Wages: The Estimator will not show wages:

- Earned and reported in another state during your Base Period.
- Earned by working for the Federal Government.
- Earned while in the Military.

Any wages earned from the above will be added as a result of claim filing.

Base Period Quarterly Wages

A year is separated into four calendar quarters (January through March, April through June, July through September, and October through December). For Nevada claims, a Base Period is the first four of the last five completed calendar quarters at the time you file your initial application. The first four quarters (dates) displayed below are your base period (see Claimant Handbook link in Resources for diagram). Your employer(s) reported the earnings displayed during the listed quarters.

(#1) 07/01/2016 through 09/30/2016	(#2) 10/01/2016 through 12/31/2016	(#3) 01/01/2017 through 03/31/2017	(#4) 04/01/2017 through 06/30/2017
MEI GSR HOLDINGS LLC 8,000.00	MEI GSR HOLDINGS LLC 8,000.00	MEI GSR HOLDINGS LLC 8,000.00	MEI GSR HOLDINGS LLC 8,000.00
\$ 8,000.00	\$ 8,000.00	\$ 8,000.00	\$ 8,000.00

* Do you have missing or incorrectly reported wages in the base period listed above?
The wages reported are correct ☒

Current Quarter Estimate

If you file your claim between 10/01/2017 and 01/06/2018, this would be your estimated benefit amount.

Monetary Eligibility Eligible	Weekly Benefit Amt \$320.00	Number of Weeks 26	Maximum Benefit Amt \$8,320.00
-------------------------------	-----------------------------	--------------------	--------------------------------

Alternate Base Period Estimate

If you wait and file your claim between 01/07/2018 and 03/31/2018, this would be your estimated benefit amount. Benefits will not be paid for any weeks prior to the effective date of your claim.

Monetary Eligibility Eligible	Weekly Benefit Amt \$320.00	Number of Weeks 25	Maximum Benefit Amt \$8,000.00

FRAUD STATISTICS (PRE-COVID)

3 c. Fraud statistics.²³

4 The DOL maintains a lot of information about fraud, discussing security standards
5 and program integrity. For 2019, Nevada's overpayment rate was 11.384%, the 17th
6 highest in the country. The main reasons for overpayment were the benefit year ending
7 and separation issues, which accounted for over 80% of overpayments. 10% were due to
8 eligibility issues and claimants were not able and available to work. The DOL determined
9 that the claimant bore the responsibility for overpayment 73% of the time, the claimant
10 and the employer 13% of the time, and the agency only bore responsibility 6.5% of the time.
11 Over 90% of underpayments were due to benefit year earnings and base period wage issues,
12 and 100% of the time the responsibility for underpayment was because of a mistake by the
13 claimant or employer, or both.²⁴

PUA ELIGIBILITY REQUIREMENTS

ii. Process for filing a claim to receive PUA.³⁰

Claimants can apply online or by phone. This is explained at length *infra*.

1. Qualifying criteria for eligibility.³¹

PUA expands coverage to certain workers who traditionally are not eligible for unemployment benefits under state law, including individuals who are self-employed, independent contractors, or have exhausted regular unemployment benefits, among others, and are unemployed due to COVID-19 related circumstances.

UIPL No. 16-20 provides additional examples of what may constitute a qualifying COVID-19 related circumstance for PUA eligibility, including, *inter alia*:

- An individual has quit a job as a direct result of COVID-19 because the individual has been diagnosed with COVID-19 and continuing work activities (such as through telework) is not possible by virtue of the diagnosis or condition;
- An individual is "providing care" for a family member or member of the individual's household who has been diagnosed with COVID-19 and the provision of care requires "such ongoing and constant attention that the individual's ability to perform other work functions is severely limited;"
- An individual is the primary caregiver of a child or household member who is unable to attend school or another facility that is closed due to COVID-19. Notably, this includes an individual whose job allows for telework, but where the provision of care to a child or household member requires such "ongoing and constant attention that it is not possible for the individual to perform work at home;"
- An individual is unable to reach his or her place of employment because doing so would require violating a state or municipal order restricting travel that was instituted to combat the spread of COVID-19;
- An individual's immune system is compromised by a serious health condition and he or she has been advised by a health care provider to self-quarantine in order to avoid the greater-than-average health risks the individual might face if he or she were to become infected;
- An individual was scheduled to commence employment, but no longer has a job because the employer rescinded the job offer as a direct result of COVID-19;
- An individual was diagnosed with COVID-19 by a qualified medical professional and, although the individual no longer has the virus, the illness caused health

³⁰ See generally, DGTIR Memorandum from Brian Bracken to Troy Jordan re PUA Claim Process, June 26, 2020.

³¹ See also UIPL 16-20; 16-20 Change 1. (See Appendix 7-6.)

complications that render the individual "objectively unable to perform his or her essential job functions, with or without a reasonable accommodation;"

- An individual's place of employment is closed due to an emergency declaration or "necessarily social distancing protocols" resulting from COVID-19; or
- An individual works as an independent contractor with reportable income and is unemployed, partially employed, or unable or unavailable to work because the COVID-19 public health emergency has severely limited his or her ability to continue performing customary work activities, and has thereby forced the individual to suspend such activities. For example, a driver for a ridesharing service may qualify for PUA benefits if he or she has been forced to suspend operations as a direct result of the COVID-19 public health emergency, "such as if an emergency state or municipal order restricting movement makes continued operations unsustainable."

Those who are not eligible for PUA:

- If a claimant is eligible for regular UI claim, PEUC or SEB.
- If a claimant is able to work remotely without reduced pay.
- If a claimant is receiving paid sick leave or other leave benefits.
- If a claimant is unemployed, but not due to COVID-19.
- If a claimant was not working in Nevada at the time he or she became unemployed due to COVID-19.

UIPL 16-20 further states, however, that many of the qualifying circumstances for PUA benefits "are likely to be of short-term duration." For example, the UIPL explains that a child's school will not be "closed as a direct result of COVID-19," for purposes of PUA benefits, after the date the school year was originally scheduled to end.

PUA benefits generally are not available to individuals who have the ability to telework with pay, or who are receiving paid leave benefits (including sick leave). However, an individual who is receiving paid leave benefits for less than his or her customary work week or is teleworking with pay for less hours than the individual worked prior to the COVID-19 pandemic, may still be eligible for a reduced PUA weekly benefit amount.

WHO ISN'T ELIGIBLE FOR PUA

Those who are not eligible for PUA:

- If a claimant is eligible for regular UI claim, PEUC or SEB.
- If a claimant is able to work remotely without reduced pay.
- If a claimant is receiving paid sick leave or other leave benefits.
- If a claimant is unemployed, but not due to COVID-19.
- If a claimant was not working in Nevada at the time he or she became unemployed due to COVID-19.

UIPL 16-20 further states, however, that many of the qualifying circumstances for PUA benefits “are likely to be of short-term duration.” For example, the UIPL explains that a child’s school will not be “closed as a direct result of COVID-19,” for purposes of PUA benefits, after the date the school year was originally scheduled to end.

Pandemic Unemployment Assistance (PUA)
PUA provides up to 39 weeks of benefits to qualifying individuals who are otherwise able to work and available for work within the meaning of applicable state law, except that they are unemployed, partially unemployed, or unable or unavailable to work due to COVID-19 related reasons, as defined in the CARES Act. Benefit payments under PUA are retroactive for weeks of unemployment, partial employment, or inability to work due to COVID-19 reasons starting on or after January 27, 2020. The CARES Act specifies that PUA benefits cannot be paid for weeks of unemployment ending after December 31, 2020.

FRAUD & THE PUA PROGRAM

5	Unemployment insurance fraud takes many forms. Employer
6	fraud may include certain actions to avoid tax liability or
7	establishing a fictitious employer account to enable fraudulent
8	claims against that account. Claimant fraud may include
9	knowingly submitting false information, knowingly continuing to
10	collect benefits when ineligible, certifying for benefits under state
11	law while not being able and available to work, or intentionally
12	collecting full benefits while not reporting wages or income.
13	Additionally, identify theft may result in unemployment
14	insurance fraud that is neither the fault of the employer nor the
	identify theft victim.
11	The CARES Act includes the Federal Pandemic Unemployment
12	Compensation, Pandemic Unemployment Assistance, and
13	Pandemic Emergency Unemployment Compensation programs.
14	In addition to its recent guidance related to continued eligibility
	for benefits, the Department has consolidated all state
	unemployment insurance fraud hotlines on one page for ease of
	access.

Per May 19, 2020 press release: <https://www.dol.gov/newsroom/releases/eta/eta20200519>

OBLIGATION TO MONITOR FRAUD

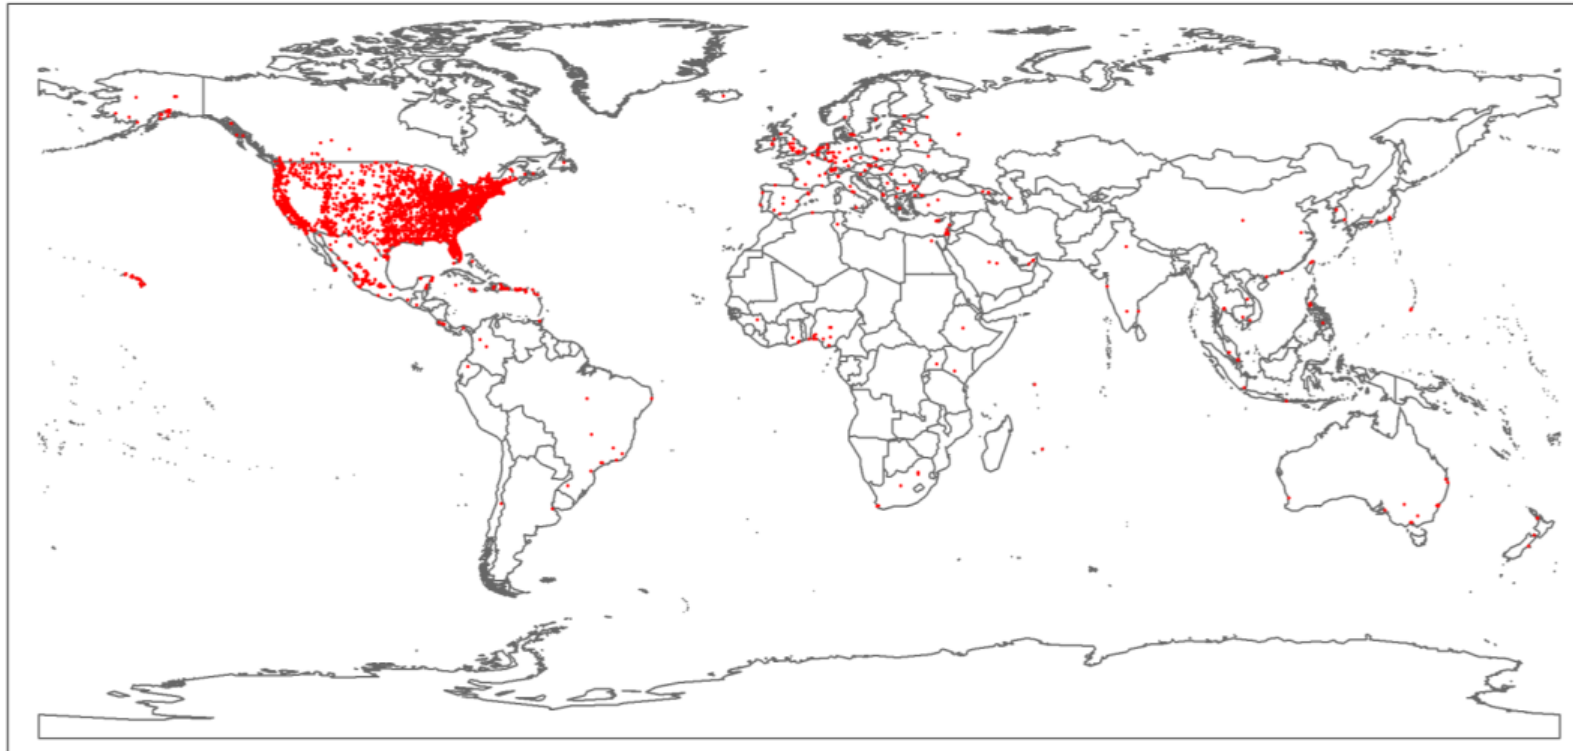

3 The Office of Employment and Training Administration has provided resources and
4 tools for states to combat fraud in the context of COVID-19 and the CARES Act, such as
5 continued expansion of its Integrity Data Hub, which provides resources to help prevent
6 and detect fraud, including:

- 7 • A Suspicious Actor Repository that allows States to share and cross-match with
8 known fraud data elements to detect fraud;
- 8 • Cross-matches with suspicious Internet Protocol (IP) addresses;
- 9 • A multi-state claims data cross-match that enables data analytics to detect fraud;
- 9 • A real time Fraud Alert System that allows states to interact with each other;
- 10 • Implementing a national identity verification tool to support States;
- 10 • Weekly calls to share and communicate fraud prevention strategies;
- 11 • Other training for State staff.

12 The Office of Employment and Training Administration also issued UIPL 23-20 to
13 emphasize the importance of program integrity and the need to address improper fraud in
14 the UI system. *See Appendix 7-7 (UIPL 23-20)*. This UIPL discussed administrative issues
15 that have arisen in CARES Act program administration and the many fraud and
16 overpayment prevention tools available to states.

SUMMARY & CURRENT STATUS OF CLAIMS

AMETHYST PAYNE

21 According to DETR information, Ms. Payne's claim was resolved, and payment was
25 first rendered on June 3, 2020.

Resolved

IRIS POSADA-MIRELES

16 According to DETR information, Ms. Mireles' claim was resolved, and payment was
17 first rendered on June 27, 2020. *See Appendix 3 (Payment Status of Claimants).*

ANTHONY NAPOLITANO

10 According to DETR information, Mr. Napolitano's claim was resolved and payment
11 was first rendered on June 27, 2020. See Appendix 3 (*Payment Status of Claimants*).

ISAIAH PAVIA-CRUZ

3 According to DETR information, Mr. Cruz' claim was resolved and payment was
4 first rendered on June 27, 2020. *See Appendix 3 (Payment Status of Claimants).*

VICTORIA WAKED

20 According to DETR information, Ms. Wake's claim was resolved and payment was
21 first rendered on June 27, 2020. See Appendix 3 (*Payment Status of Claimants*).

CHARLES PLOSKI

15 According to DETR information, Mr. Ploski's claim was resolved and payment was
16 first rendered on June 27, 2026. See Appendix 3 (*Payment Status of Claimants*).

DARIUSH NAIMI

1 Soon after, his PUA account said that he was not unemployed because of disaster.
2 There was an “issue description” listed on his account. And his certifications read as in
3 progress. As of June 6, 2020, his certifications read “Excessive earnings.”

TABITHA ASARE

3 According to DETR information, Ms. Asare's claim was resolved and payment was
4 first rendered on June 27, 2020. See Appendix 3 (*Payment Status of Claimants*).

SCOTT HOWARD

1 According to DETR information, Mr. Scott's claim was resolved and payment was
2 first rendered on June 27, 2020. *See Appendix 3 (Payment Status of Claimants).*

RALPH WYNCOOP

17 Mr. Wyncoop was contacted by an investigator from DETR this week. He was asked
18 to upload his driver's license, a current bill, and Social Security Card. Mr. Wyncoop
19 reported that he was flagged because the VPN on his laptop he has been submitting his
20 claims from has been pinning from other countries. The investigator stated she will be
21 working on getting Mr. Wyncoop his claim paid.

FIRST FILERS

IT ERRORS & GLITCHES

?

4 Nevada UI needs to know that the 'fraud' is IT error! I
5 previously worked for Alorica and have to be anonymous here. A
6 large bulk of the court issue will be rooted in the fact that an IT
error, is what flagged fraud, and that has frozen movement on
tens of thousands of claimants.

7 It is not being addressed and no process is in place to
address it. This was an IT issue.

8 The software/database/operating system made errors that
9 affected all claimants system wide on a random weekend in the
beginning (specifically the second weekend of launch if memory
serves) and the PUA system started assigning fraud issues that
never applied-to ALL in the PUA system at the time.

10 For example (lack of work not caused by disaster when the
checkbox clearly stated disaster /...or "wages exceed award
11 amount" and wages were zero.../worked out of state" yet never
had...and checked appropriate box... The system was later cleared
12 with a message of "IP special case" that then disappeared but...

13 When it was 'fixed'

14 All system claimants were flagged for an "unresolved issue-
yes" the call centers claimants contact NV state and are told
15 everything is fine, and to wait, but the account needs to be fixed/
these accounts are not separately flagged to be viewed and has
fallen into the abyss of hundreds of thousands of incomplete
16 accounts and accounts with legitimate issues. Additionally, the
state is asserting people applied from IP addresses out of state.
Claimants who legit live out of state but worked in Nevada would
17 be required to do so

18 If ignored they will not be seen by human eyes to fix it and
are in limbo tossed between all the claimant accounts It is not the
19 constituents financial burden to bear at this point

20 Nevada seems to be the only state nearby that has a
completely separate database for PUA and every single claimant
that applied near the first and second weekend of launch are the
21 issue.

22 Other states issue checks 'only' in order to use existing
payment systems and comply with timelines.

25 California pays bi weekly to accommodate their needs.
Washington state was reported to have paid 300 million in
26 international based fraud claims within the first ten days...

1 They are still running and going. In Vermont the governor
issued state based 1200 stimulus money not once but twice to all
2 waiting claimants not processed because of UI taking too long.

3 The system erroneously flagged fraud and is still causing
the witch hunt today.

WEAKNESSES IN REPORT

- Not able to dig into issues regarding IT glitches.
- Need more time and information in order to address IT glitches.
- Reviewed complaints from a narrative approach, but not with tech knowledge.

COMMON COMPLAINTS FROM CLAIMANTS

- Initially applied for UI benefits at direction of someone at DETR or Alorica.
- Cessation of benefit payments.
- Reports of claims disappearing from system.
- Back payment of benefits so large the receiving bank rejected it.
- No appeal rights.
- Frustrations with Alorica call center.

STATE COMPARATORS

WHAT ARE OTHER STATES DOING?

- i. Partnerships with private sector.
- ii. Deployment of National Guard.
- iii. Cloud-based online processes and call centers.

HOW ARE STATES HANDLING THE VOLUME OF CLAIMS?

- i. States in our region.

 - 2. California.
 - 3. Colorado.
 - 4. Utah.
- ii. Other states heavily dependent on tourism.
 - 1. Florida.
 - 2. Hawaii.
 - 3. Montana.

HOW ARE STATES HANDLING THE VOLUME OF CLAIMS?

- iii. How are other states' unemployment divisions funded?
- iv. How are other states' dealing with the fraud issues?
- v. How quickly were other states' able to begin accepting and processing claims compared to Nevada?
- vi. Have other states' employment departments been sued as a result of their administration of benefits?

SPECIAL MASTER QUESTIONS TO PETITIONERS & RESPONSES

SPECIAL MASTER RECOMMENDATIONS

BOTTLENECKS IN THE SYSTEM

- No opportunity for an aggrieved claimant to challenge DETR ESD decisions or non-decisions.
- The unemployment insurance system was not created to handle hundreds of thousands of claims in 90 days and establish new benefit programs to serve additional people.
- The widespread existence of “glitches” in the benefit delivery system.
- Claimant errors are rampant which lead to significant delays in processing an application.
- Claimants do not have a reliable person who can provide them with information and assistance to accurately complete applications and resolve problems as they arise.
- The call center hired to answer claimant questions and provide assistance has failed to consistently deliver competent and compassionate service.
- The new benefit programs are vulnerable to fraud.
- Systemic fraud has constipated the system and put additional strain on vexed people and limited resources.

RECOMMENDATIONS.

- PUA Appeal Process
- Establish Emergency Volunteer Claim Concierge Corps.
- Call Center Improvement.
- Deny Claims when Fraud is Suspected.
